Education	Dipl.-Ing. (FH) Communications Engineering
Certifications	PMI-ACP, PMI Agile Certified Practitioner, PMI 2014 – 2023 PMP, Project Management Professional, PMI 2008 – 2023

Mr. Lübbe is a competent senior IT project manager with extensive experience in the timely and budget-oriented implementation of complex IT projects. His expertise in change management and his successes in leading time-critical projects in corporations, as well as his PMP certification since 2008, demonstrate his competence and dedication in this field.

Mr. Lübbe has already worked on projects for clients from various industries such as banking, media, insurance, government, software houses, internet companies, telecommunications, and industry. He is able to quickly familiarize himself with new companies and industries and enjoys sharing his knowledge with colleagues. It is important to him to achieve sustainable results together with the team.

Since 1994, he has been successfully working as a freelancer in the IT industry in various roles, including as a software developer, tester, administrator, coach, interim manager, and IT project manager. A list of his more than 60 completed projects and further education can be found at the following link: <https://www.consulting.heikol.de/en/projekte.html>

References

Technical Project Manager Chatbot Projects

July – September 2018

Reference by Hendrik Hoffmann, Head of Technology, Sparkassen-Finanzportal GmbH

"Mr. Lübbe has the ability to familiarize himself with new professional and technical topics in the shortest possible time. He soon took on complex tasks and always completed them on time and in very high quality. It should be emphasised that he always documented his results in a comprehensible manner. In addition, Mr. Lübbe made several sensible suggestions for improving the project procedure and monitoring the project objectives. Mr. Lübbe's strengths include quick comprehension, systematic approach, analytical thinking, commitment and initiative.

Overall, Mr. Lübbe has made a significant contribution to the success of our project."

Project FotoWare Update

August 2015 – August 2016

Reference by Torsten Stolz, Chief Technical Officer Cvd Editorial Office WELT, WeltN24 GmbH

"Thanks to his outstanding technical knowledge, his structured approach and his intuition in the role of technical project manager, the consultant has played a significant role in the timely and cost effective introduction of our complex photo system in the editorial department. I have experienced Mr. Lübbe as an extremely competent and pleasant partner and I am enthusiastic about his efficiency and the target-oriented approach. This was one of the best project management performances I've seen in over 30 years of professional life."

Interim Management Teilnehmeraktivierung

November 2005 – March 2007

References by Manager Service and Consulting, TERACOM Verteilte Informationssysteme GmbH

"The consultant has above-average in-depth specialist knowledge for the operation of complex IT systems. He took over the independent management and planning of an operational team and the complete technical communication with the end customer. He always worked with the great care and accuracy."
